Dear Sir / Madam,

This letter shall serve to confirm that to the best of my knowledge all products as well as their components that have been manufactured or supplied by SafeNet, Inc have not been exposed to any radiation (other than ordinary natural radiation), do not contain radioactive isotopes and that those products comply with the applicable European and national regulations in all respects. To the best of my knowledge this includes products and their components that had been manufactured or supplied by SafeNet, Inc have not been affected by the events in Japan, that is, have not been exposed to any form of radiation (other than ordinary natural radiation) and do not contain radioactive isotopes.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Diane Pewitt", with a stylized flourish at the end.

Diane Pewitt  
Corporate Vice President, Global Operations
